

Canada Snowboard (CS)/PTSA Club/Coach Representing Non-Canadian FIS Licensed Athlete

CS/PTSA Coaches who are coaching Non-CAN FIS Athletes during FIS Events:

Prior to a CS/PTSA Club/Coach taking supervision of a Non-Canadian FIS Licensed Athlete for any FIS Events (Including pre-race Training/Competitions) CS MUST approve the **total acceptance** by Nation in question who must assume full responsibility of the athlete including **written confirmation** by the nation that they guarantee all sections in the ICR including insurance for their athlete.

Supervision will not be approved where the CS/PTSA coach has no other CAN FIS athletes at an event. This will become a private matter between the coach and the athlete.

CSA/PTSA coaches who assume responsibility of non-Canadian FIS athlete(s) during a FIS Competition **where they have no other CAN athletes participating**, do not have any CSA/CS insurance coverage available (ie. No CGL, No SAIP) for these non-sanctioned CS activities. Coaches bear the full responsibility of securing their own insurance that meets FIS requirements for their non-CSF activities. Insurance is applicable during CS sanctioned activity only.

Non-CAN FIS Athletes who are Members of CS/PTSA Member Clubs:

During FIS events (including travel, pre-race training & competition dates) SAIP and CGL are not available to athletes who are representing another Nation. Under FIS Rules the Nation who holds/issued the FIS Licence is totally responsible for the athlete's insurance – liability and medical

*Non-Canadian FIS Licensed Athletes may only purchase and use SAIP only for sanctioned club training and approved non-FIS training/competitions.

*The Non-Canadian FIS athlete's Nation must submit all FIS Race Entry Forms. These cannot be completed nor submitted by Canada Snowboard.
