

CARDING NOMINATION CRITERIA FOR THE  
SPORT CANADA ATHLETE ASSISTANCE PROGRAM  
2012 - 2013 Carding Cycle

17 October, 2011

**INTRODUCTION**

1. The purpose of this document is to describe the criteria that will be used by Canada~Snowboard for nominating athletes for Sport Canada's Athlete Assistance Program (AAP) for the 2012/13 carding cycle.
2. The purpose of the Athlete Assistance Program is to identify and support Canadian athletes performing at or having the greatest potential to achieve top 8 results at Olympic/Paralympic Games and World Championships.
3. The nomination of athletes to the AAP is the responsibility of the Canada~Snowboard's Executive Director, acting on the recommendations of the HPP Selection Committees. Sport Canada is responsible for the final approval of nominations to the AAP.
4. Sport Canada's general policies and procedures governing AAP can be found on the Sport Canada website at <http://www.pch.gc.ca/pgm/sc/pol/athl/index-eng.cfm>. This includes all information pertaining to the establishment and application of criteria used by Canada~Snowboard.

**GENERAL**

5. Support under the AAP is only available to athletes who are members of the High Performance Program, who have executed a current Athlete Agreement, and who meet the eligibility criteria set out below.
6. Carding nominations are submitted by Canada~Snowboard to Sport Canada on an annual basis, ordinarily in late May. Any athlete who, as of the date of the Canada~Snowboard's submission of Carding nominations to Sport Canada, has not provided evidence of his or her intention to compete in the coming year is not eligible for Carding.
7. There are a number of grounds for the withdrawal of funding from a Carded athlete. These include voluntary withdrawal, withdrawal due to lack of participation and withdrawal for violation of agreement. Detailed information concerning grounds for withdrawal of funding is contained in the Sport Canada Athlete Assistance Program Policy and Procedures document.

8. In addition to the regular stipend, other forms of financial assistance may be available to Carded athletes through the Athlete Assistance Program. These include tuition payment, special needs assistance, and deferred tuition assistance for retired athletes. Athletes should refer to the Sport Canada Athlete Assistance Program Policy and Procedures document for further information.
9. There are three general types of Cards: International Senior Cards; Senior Cards; and Development Cards.
10. In this document “percentage of field placing” is calculated by dividing the athlete’s placing by the field size (including DNF and DSQ results), and multiplying by 100.

### **INTERNATIONAL SENIOR CARDS (SR1/SR2)**

11. International Senior Cards are awarded on the basis of results at the World Championships (WCH) and Olympic Winter Games (OWG). Sport Canada sets the criteria for International Senior Cards. In a year where no WCH or OWG are held, Canada~Snowboard sets the criteria for the International Senior with approval from Sport Canada.
12. International Senior Cards provide two years of Carding:
  - 🔗 **SR1:** Year one of a two year Card (\$1,500 per month).
  - 🔗 **SR2:** Year two of a two year Card (\$1,500 per month).
13. The second year of International Senior Carding is contingent on the athlete remaining in the High Performance Program, being re-nominated by the Canada~Snowboard, and maintaining a training and competitive program approved by Canada~Snowboard and Sport Canada. The athlete must also complete an AAP Application Form for the year in question.

### **SENIOR CARDS (SR/C1)**

14. Senior Cards are awarded to Senior National Team Athletes on the basis of International Events results.
15. Senior Cards support athletes with the potential to reach International Senior Card status. Specific criteria are negotiated between Canada~Snowboard and Sport Canada on an annual basis, and are set out in Sections 33 below.
16. Senior Cards provide one year of funding, but may be renewed for further years if the athlete demonstrates continuing improvement towards International Senior Card status. Senior Cards awarded to athletes the first time are called C1 Cards and are funded at the Development Card level:
  - 🔗 **C1:** Year one at the Senior Card level (\$900 per month).
  - 🔗 **SR:** Senior Card level (\$1,500 per month).
17. Once an athlete reaches the FIS post-junior age category, he/she may be carded at the Senior Card level (SR/C1) for a maximum of five years. In order to be Senior Carded for additional years, the athlete must demonstrate continued progress towards International Senior Card status results, and must be recommended by Canada~Snowboard.

## DEVELOPMENT CARDS (D)

18. Development Cards are awarded on the basis of Junior World Championship (JWCH) and International Events results.
19. Development Cards support younger athletes who demonstrate potential to achieve International Senior Card status, but who have not yet met the Senior Card criteria. Specific criteria are negotiated between Canada~Snowboard and Sport Canada on an annual basis.
20. Development Cards provide one year of funding:  
    ↳ **D:** Development Card (\$900 per month).
21. Athletes previously Carded at the International Senior Card level, or for two or more years at the Senior Card level, are not eligible for Development Cards.
22. Once an athlete reaches the FIS post-junior age category, he/she may be carded at the Development level (D) for a maximum of three years. In order to be Development Carded for additional years, the athlete must demonstrate continued progress towards Senior Card status results, and must be recommended by Canada~Snowboard.

## NUMBER OF CARDS

23. There is a limit on the number of Cards available to Canada~Snowboard athletes. Following the 2010 Olympic Games, Sport Canada will conduct a full review of the carding quota. This may affect the number of cards Canada~Snowboard will receive in the future.
24. The number of Cards for the 2012/13 Carding cycle will be set in the spring of 2012. Currently Canada~Snowboard has a quota of 24 Senior equivalent cards. Should the number of cards provide change, Canada~Snowboard's Executive Director, acting on the recommendations of the HPP Selection Committees, will adjust the distribution of cards and publish the change as soon as possible.
25. There will be a minimum of 20 cards at the International Senior and Senior levels, and 6 cards at the Development level. The cards will be distributed as follows to each discipline:

Discipline	Number of Senior Cards	Number of Development Cards
<b>SBX</b>	7 SR	1D
<b>ALPINE</b>	4 SR	2D
<b>HP</b>	4 SR	2D
<b>SBS</b>	5 SR	1D

26. If, after the allocation of the International Senior and Senior Cards, card(s) remain available, they will be converted to Development Card(s) and awarded to eligible athletes who met the Development Card criteria in the same discipline. Conversely, if after the allocation of the Development Cards, card(s) remain available, they will be converted to Senior Card(s) and awarded to eligible athletes who met the Senior Card criteria in the same discipline.

27. Cards that were not used in one discipline will be allocated according to 2010 Olympic Winter Games results until there are no remaining cards or there are no remaining eligible athletes:

Discipline	Best Result	Next Best Result	Rank
SBX	1	2	1
PGS	1	11	2
HP	6	7	3
SBS	N/A	N/A	4

28. Based on the above calculation, cards to be re-allocated will be assigned in the following sequence through the 2013/14 carding cycles:
1. SBX (SR card)
  2. PGS (SR card)
  3. HP (SR card)
  4. SBS (SR card)
  5. SBX (D card)
  6. PGS (D card)
  7. HP (D card)
  8. SBS (D card)

#### GENERAL NOMINATION CONSIDERATIONS

29. Only results from the Olympic events (Parallel Giant Slalom, Parallel Slalom, Halfpipe, Slopestyle and Snowboardcross) will be considered in establishing eligibility and ranking for Carding.
30. Rankings for nominations for SR1 and SR2 cards nominations are based on a maximum of three athletes per nation.
31. An athlete who is eligible for both a Senior Card and a Development Card must be nominated for the Senior Card, and cannot be nominated for a Development Card unless no Senior Cards remain available.
32. Nominations for Carding are based on the following priorities:
- a) International Senior Cards.
  - b) Senior Cards.
  - c) Development Cards.
  - d) Remaining SR/C1 Cards if Cards remain available after all International Senior and Senior Cards have been allocated.
  - e) Remaining D Cards if Cards remain available after all Development Cards have been allocated.

## AWARDING OF CARDS - ALPINE

### 2012/13 INTERNATIONAL SENIOR CARDS (SR1/SR2) - Alpine

Sport Canada establishes the international criteria used to award SR1/SR2 cards. They are based on performance at the FIS World Championships or Olympic Games. SR1 cards are not available in 2012-13.

### HEALTH RELATED CURTAILMENT OF ACTIVITIES CRITERIA

33. A Carded athlete who, for health related reasons documented by a Canada~Snowboard designated physician, is unable to participate in training or competitive activities shall continue to be Carded for the balance of the current cycle, provided the following conditions are met:
  - The athlete does not withdraw from the High Performance Program during that period, and provides written confirmation of his or her intention to return to full participation in the HPP at the earliest possible date.

- ↻ Written evaluations are provided by both the Canada~Snowboard coaching staff and a Canada~Snowboard designated physician indicating that the athlete can be expected to return to full participation within the next twelve months.
  - ↻ The athlete undertakes in writing to train and/or rehabilitate under the supervision of Canada~Snowboard or its designate at a level which minimizes risk to the athlete's personal health, and ensures an optimal return to full training and competition at the earliest possible date. Failure to follow such a program without due cause shall be grounds for immediate termination of Carding.
34. It may happen that a Carded athlete, for health related reasons documented by a Canada~Snowboard designated physician, misses more than half of the competitions or half of the on-snow days in the training phase of the yearly training plan, that he or she would otherwise participate in during a given year. In such circumstances the athlete may be nominated for Carding at the same level for one additional year, based on the priority of nominations set out above, and provided that sufficient Cards remain available at that level, under the following conditions:
- ↻ The athlete has fulfilled all reasonable Canada~Snowboard supervised training and rehabilitation requirements.
  - ↻ A written evaluation is provided by a Canada~Snowboard designated physician indicating that the athlete can be expected to return to full participation during the extended Carding period.
  - ↻ A written evaluation is provided by the Canada~Snowboard coaching staff indicating that the athlete can be expected to achieve at least the minimum standards required for future Carding during the extended Carding period.
  - ↻ The athlete has demonstrated his or her long term commitment to the HPP, and has stated his or her intention to pursue full high performance training and competition during the extended Carding period.
35. A carded athlete who misses, for health related reasons documented by a Canada~Snowboard designated physician, more than half of the competitions or half of the on-snow days in the training phase of the yearly training plan that he or she would otherwise participate in for two consecutive years will no longer be eligible for re-nomination for Carding based on prior years' results.
36. If an athlete wishes, for other than health related reasons, to withdraw temporarily or permanently from regular athlete training and competition activities, the normal rules for withdrawal from the Athlete Assistance Program shall apply. The athlete will no longer be eligible for monthly training and living support, but will be eligible - if qualified - for Deferred Tuition or Special Needs support.

## APPEALS

37. For any matters related to Athlete Assistance Program Nomination or de-Carding, appeals must follow the Policies and Procedures of Sport Canada's Athlete Assistance Program Section 13 ([www.pch.gc.ca/pgm/sc/pol/athl/index-eng.cfm](http://www.pch.gc.ca/pgm/sc/pol/athl/index-eng.cfm)).
38. Any decision of *Canada~Snowboard* with respect to the Athlete Assistance Program may be appealed by any member in good standing of the *Canada~Snowboard* who is materially affected by that decision. Appeals must be conducted in accordance with the *Canada~Snowboard* Appeals Protocol, which is available on the *Canada~Snowboard* website ([www.canadasnowboard.ca](http://www.canadasnowboard.ca)).

## **OTHER ISSUES**

39. Issues not otherwise covered by these Carding Nomination Criteria shall be resolved by the Executive Director of Canada~Snowboard, in consultation with the HPP Director.
