  - a) A maximum of 6 athletes per event (e.g. Men's SBX).
  - b) A maximum of 16 athletes per gender.
10. Athletes may be selected to compete in more than one event.
11. Canada~Snowboard shall ordinarily select up to four male and up to four female athletes in each of the Freestyle (HP, BA, and SBS), Alpine (PGS, PSL) and Snowboardcross disciplines. However, as provided for in Section 20 below, a smaller or larger number of athletes may be selected, provided that the grounds for any such decisions are set out in detail, and are in accordance with the general High Performance Program objectives.

## **RANKING PROCESS – ALPINE, HALFPIPE, AND SNOWBOARDCROSS**

12. Eligible athletes shall be ranked, within their discipline and by gender, according to the sum of the FIS Points earned in their two best results from all North American competitions entered during the period from November 1, 2009 through the Selection Date.
13. Should a tie exist, the athlete with the single best result from November 1, 2009 to the Selection Date (as measured by FIS Points) shall be given the higher ranking. Should a tie continue to exist, the next best result shall be used until the tie is broken.

## **RANKING PROCESS – SLOPESTYLE**

14. Eligible athletes shall be ranked, by gender, according to their placing in the Junior category of the 2010 Canadian National Snowboard Championships.
15. Should a tie exist, the athlete with the highest FIS Points from a single best North American competition entered during the period from November 1, 2009 through the Selection Date shall be given the higher ranking. Should a tie continue to exist, the next best result shall be used until the tie is broken.

## **RANKING PROCESS – BIG AIR**

16. Only athletes already selected for the Alpine, Halfpipe, Slopestyle, or Snowboardcross events are eligible to participate in Big Air. Athletes may only

participate in Big Air with the approval of the FIS JWC coach in their primary discipline.

## **SELECTION PROCESS**

17. The Selection Date for the 2010 Junior World Championship Team shall be 30 April, 2010.
18. Athletes shall ordinarily be selected for participation in the Junior World Championships in the order of their ranking. However, the following sections also have a bearing on the final selection.
19. Selection rankings notwithstanding, Canada~Snowboard shall have the power to withhold any athlete from participation in the Junior World Championships if doing so is warranted, in the view of the Canada~Snowboard's medical advisors, by the pace of that athlete's rehabilitation from a health related curtailment of activities.
20. Selection rankings notwithstanding, Canada~Snowboard shall have the power to select athletes to participate in the Junior World Championships in an order other than that indicated by the rankings. Canada~Snowboard shall also have the power to select fewer or more male or female athletes, in any or all disciplines, than the number indicated in Section 11. The grounds for any such decisions must be set out in detail in the minutes of the meeting of the Selection Committee, and must be in accordance with the general High Performance Program objectives.
21. Grounds which may be considered in such decisions shall include, but may not be limited to:
  - ❏ The athlete's commitment to a long term training program, as demonstrated by training logs, evaluations, and other documentation maintained by the athlete and her or his coach.
  - ❏ The athlete's level of physical conditioning, evaluated in terms of the physical conditioning benchmarks established for the High Performance Program, which are attached hereto as "Appendix B".
  - ❏ The athlete's level of mental training, evaluated in terms of the maintenance of a daily log book, and in terms of the recommendations for psychological and lifestyle development in Stage 5 of *Vision 2020: The Long Term Athlete Development Plan for Snowboarding in Canada*, which are attached hereto as "Appendix C".
  - ❏ The athlete's level of technical skill in one or more of the Freestyle events, evaluated – in part - in terms of the HPP Performance Benchmarks, which are attached hereto as "Appendix D".
  - ❏ Anomalies in competitions, arising from factors such as weather or abnormally small field sizes, or the gross inflation of the points value of the event, which are determined to be a factor in the attainment of or failure to attain results.

- ❏ Gaps in the points used to rank athletes, which may be taken to represent a significant gap in performance ability. For instance, if three athletes have 100, 97, and 96 points respectively, and the next ranked athlete has 85 points, a gap may be said to exist which indicates an athlete's potential ability or inability to compete at the same level as other Canada~Snowboard athletes in the same discipline.
  - ❏ The financial capacity of Canada~Snowboard to properly support a team at this level of international competition.
22. Any decision to select an athlete in an order other than indicated by the rankings shall be done through consultation with the coaches of the athletes involved.

### **EXTRAORDINARY CIRCUMSTANCES**

23. It may be that an athlete who is otherwise selected to participate in the Junior World Championships is or becomes, by reason of a health related curtailment of activities, unable to compete. In such circumstances Canada~Snowboard shall have the right to replace this athlete with another eligible athlete.
24. Canada~Snowboard may, at any time, require an athlete who appears, by reason of a health curtailment of activities, to be unable to participate in training or competition activities to obtain a medical assessment conducted by a Canada~Snowboard recognized doctor or other health support practitioner. The purpose of the medical assessment is to confirm the degree of the athlete's ability or inability to compete and the anticipated time of the athlete's recovery.

### **APPEALS**

25. Any decision of the professional staff relating to the operation and conduct of the HPP may be appealed by any member in good standing of Canada~Snowboard who is materially affected by that decision. Appeals must be conducted in accordance with the Canada~Snowboard Appeals Protocol, which is available on the Canada~Snowboard website ([www.canadasnowboard.ca](http://www.canadasnowboard.ca)).

### **GENERAL**

26. Issues not otherwise covered by this Selection Protocol shall be resolved by the Chief Executive Officer of Canada~Snowboard, in consultation with the High Performance Program Athlete Services Manager.
