FIS quotas can be referenced online at:

<http://www.fis-ski.com/inside-fis/document-library/snowboard/index.html#deeplink=quotas>

9. FIS will recalculate World Cup quotas based on the January FIS Points List with only an increase in quotas possible. Any personal quota spots will not change during the season. The FIS Points Lists are available for reference online at: (<http://data.fis-ski.com/snowboard/fis-points-lists.html>)
10. The opportunity to participate in freestyle World Cup competitions shall be offered to athletes in the order of their ranking as determined by the "Ranking Process" detailed in section #13 through #18 below.
11. Athletes who have earned individual World Cup spots through their status as defending World Cup or Continental Cup champions must still have their entry into World Cups ratified by Canada Snowboard.
12. Athlete selection for the following competitions will be determined no later than three weeks before the event:
 - a) All FIS World Cups
 - b) USSA Rev Tour's*
 - c) All FIS NorAm's
 - d) All international FIS events where entry is limited
 - e) All FIS sanctioned US Grand-Prix where entry is limited.

*USSA Rev Tour selections are made by USSA based on WSPL & FIS rankings. Canada Snowboard will determine the athlete ranking for our team submissions to USSA, but cannot guarantee the athletes selected to compete until they rank and make selections from all international competitors 2 weeks out from the event.

RANKING PROCESS

13. Priority in the allocation of competitive opportunities is given to members of the National Team in their respective disciplines. Athletes on the Slopestyle Next Gen team have priority for the USSA Rev Tour Events.
14. For all remaining competitive opportunities, interested athletes must communicate their intentions to participate by registering for the specific event online at: <http://www.canadasnowboard.ca/en/events/register/>
15. Eligible athletes will be ranked, by gender, according to the Canadian Ranking List in the respective discipline (HP or SBS) at the time of selection. The Canadian Ranking List is based on FIS, TTR, WSF and other professional events and can be found online at: <http://www.canadasnowboard.ca/en/team/rankings/>

Note: For any Big Air specific event or any World Cup that hosts both Slopestyle and Big Air events, athletes will be ranked by combining their CRL Points for both SBS & BA.
16. Athlete participation in a World Cup is conditional on the athlete meeting the following Canadian Ranking list benchmarks applicable at the time of the selection:
 - a) Top 20 HP Men
 - b) Top 10 HP Women
 - c) Top 30 SBS Men
 - d) Top 15 SBS Women.
17. Exceptions can be made. However, the grounds for any such decisions must be clearly detailed by the Selection Committee in their meeting minutes and must be in accordance with the general policies of the High Performance Program.
18. Athlete participation in a World Cup competition is conditional on the athlete meeting the Technical Minimum Standards applicable at the time of the selection (Appendix A).

SPECIAL RANKING CONSIDERATIONS

19. Selection rankings notwithstanding, Canada Snowboard may at any time withhold competitive opportunities as per the "*HPP Protocol for Return to Competition Protocol*" (General Policy).
20. Selection rankings notwithstanding, Canada Snowboard shall have the discretion to select athletes to participate in an order other than that indicated by the rankings. Canada Snowboard shall also have the discretion to select fewer male or female athletes than the maximum quota provided by FIS. The grounds for any such decisions must be clearly detailed by the Selection Committee in their meeting minutes and must be in accordance with the General Policies of the *High Performance Program*. The General Policies are posted on the Canada Snowboard website within the "*Document Centre*".

Special Ranking Considerations include, but are not limited to the following examples:

- The athlete's level of physical conditioning evaluated in terms of the "Strength & conditioning Minimum Standards" established for the High Performance Program and available for review at:
<http://www.canadasnowboard.ca/files/Strength&ConditioningMinStandards.pdf>
- The athlete's level of technical skill will be evaluated in terms of the HPP Technical Skills Chart and Athlete Development Matrix. Benchmarks are determined by performance demands of each discipline according to the Gold Medal Profile.
- Anomalies in competitions arising from factors such as weather or abnormally small field sizes, or the gross inflation of the points value of the event, which are considered by the selection committee to be a factor in the attainment of or failure to attain results.
- Gaps in the points used to rank athletes, which may be taken to represent a significant gap in performance ability. A gap will be defined as a 5% change of the maximum allowance of points. For instance, if using the FIS Points system (1000 Point Maximum) three athletes have 100, 97, and 96 points respectively, and the next ranked athlete has 45 points, a gap may be said to exist which indicates an athlete's potential ability or inability to compete at the same level as other Canada Snowboard athletes in the same discipline.
- An athlete who is showing very strong results may be moved higher than their calculated ranking.
- An athlete who shows excellent physical characteristics (measured in testing) or technical capability may be moved higher than her or his calculated ranking.
- An athlete who has failed to capitalize on numerous competitive opportunities and is therefore not progressing towards the program

goal may move lower than his or her calculated ranking.

HEALTH RELATED CURTAILMENT OF ACTIVITIES

21. There may be occasions when an athlete who is otherwise selected to participate is, or becomes by reason of a health related curtailment of activities, unable to compete. In such circumstances, Canada Snowboard shall have the discretion to replace this athlete with another eligible athlete.
22. Canada Snowboard may, at any time, require an athlete who is unable to participate in training or competition due to injury, to obtain a medical assessment from a team physician. The purpose of the medical assessment is to confirm the degree of the athlete's injury and to determine the expected timeline for the athlete's recovery to a suitable training and competition state.

COACHING

23. An athlete who is not coached by an official Canada Snowboard Coach may not participate in a FIS Snowboard Event. The list of CS approved coaches can be found here:
<http://www.canadasnowboard.ca/en/programs/coaching/currentcoach/>.

Coaches registered outside of Canada may be approved on a case-by-case basis where the coach will need to accept and sign a reliability form and send a photo of their coaching membership for approval to Tyler Ashbee High Performance Manager at: tyler@canadasnowboard.ca. Any concerns with respect to this requirement should be addressed, at the earliest opportunity.

APPEALS

24. Any appeal of any decision of the Selection Committee may be made by any CS member in good standing. Appeals must be conducted in accordance with the Canada Snowboard Appeals Protocol, which is available on the Canada Snowboard website at:
<http://www.canadasnowboard.ca/en/docs>.

GENERAL

25. Issues not otherwise covered by this Selection Protocol shall be resolved by Canada Snowboard's "*Dispute Resolution Policy*" which is available on the Canada Snowboard website (<http://www.canadasnowboard.ca/en/docs>).
