

2015-16 YEAR END REPORT

OUR CREDO

At Canada Snowboard, we believe embracing the culture of snowboarding combined with a commitment to excellence is the foundation of who we are. Performance at the highest level comes from an athlete-focused approach to training, programs and coaching. Our athletes are amongst the best in the world, and our goal is to continue to provide them the means to achieve their goals.

Our members are our Provincial and Territorial Associations. They are the backbone of the competitive snowboard pathway. From a young rider's first event, to joining a club, to progressing to the national team, our Provinces and Territories are key to developing our future high performance athletes. Our goal is to support our members to work together to provide the best possible system for organized snowboarding on the planet. From coaches to officials, judges to events, sport development to high performance, creating strong alignment from coast to coast in each area will allow us to offer the best possible experience to each participant from park to podium.

We believe our strategic plan encompasses the values and strategies that will allow us to build on our past success to reach future excellence, all through staying true to our core.

MESSAGE FROM THE CHAIR AND EXECUTIVE DIRECTOR: 2015-2016 YEAR IN REVIEW

The past year has seen significant changes for Canada Snowboard on many fronts, and we're of the confident opinion that most have been very positive. Building upon a core of good people and good programs, we have taken significant steps toward solidifying our operations and implementing the strategic plan the members helped develop just over a year ago. There is, of course, still much to be done, but notable progress has been made.

It is not often that the opportunity arises for a group of individuals to initiate positive, lasting change yet that is exactly what lies before the Canada Snowboard stakeholders. Believing that collaboration is the magic behind sustained positive results, we challenge each and every individual involved in competitive snowboarding in Canada to question how they may contribute to enhancing our sport and our community in their own way as we move forward. There are never a shortage of challenges for any given national sport organization, and the same is certainly true for us, yet when there is a collective will to improve and a genuine desire to help create a robust system where riders can carve their own competitive journeys, real magic can happen.

Details on our programs, overall finances, and sponsorship grace the pages included in this report and we invite you to peruse that information to gain a sense of our overall operation. As you scrutinize the updates provided, you'll see a number of examples that are positive indicators of a successful past year. Foremost are the accomplishments of a number of our athletes who had tremendous success around the world at various competitions, and we congratulate them and send best wishes for continued success representing Canada.

Operationally, we had exciting developments around sponsorship, renewing a key sponsor and welcoming aboard two new ones. It is the commitment of our sponsors that allows us some financial flexibility to support new initiatives, and it is the ongoing support of Sport Canada that sustains us as an organization. For this financial support, we are duly grateful.

Corporately we had several new hires, relocated our office, and have worked hard to improve our business processes. On the governance side we continue to mature and look at ways to enhance our capabilities

as a national sport organization. With the support of a strong – and diversely skilled – board of directors, we have bolstered our stakeholder and provincial association relationships to open up lines of communication and input, and remained focused on defining our strategic path forward as an organization. This often involves healthy, but always thoughtful, debate, and asking the right questions at the right time to ensure a shared vision. There is, of course, still much to be done, but we are pleased and grateful to have the involvement of people who care about Canada Snowboard, and the positive future of competitive snowboarding and our Canadian athletes.

While we have shared many excellent developments from this past year, these things don't reveal the real heart and passion of the sport. The future is bright for competitive snowboarding in Canada. Heading into the upcoming season, one year before the Olympic and Paralympic games in Korea, our athletes will hone their skills across the various disciplines in anticipation of competing with the maple leaf on their uniforms and manifesting all that is good about sport and Canada. There is great enthusiasm around our sport, and we are positioning our athletes to be a significant part of the buzz amongst Canadian winter sports. Let's get to work!

2014-2022 STRATEGIC PLAN

2014-2022 STRATEGIC PLAN

3 KEY STRATEGIC PILLARS FOR 2014-2022

FROM PARK TO PODIUM - L1AD PATHWAY

1. ACTIVE START
2. FUNDAMENTALS
3. LEARN TO RIDE
4. TRAIN TO TRAIN
5. TRAIN TO COMPETE
6. LEARN TO WIN
7. TRAIN TO WIN
8. ACTIVE FOR LIFE

Canada Snowboard has identified three key pillars that are ingrained in the organization providing a framework to support the high performance athlete pathway.

Each pillar has essential goals and outcomes needed to support and measure the success achieved.

GROWING THE SPORT

- ✔ Align with Provincial/Territorial associations to increase participation and retention in programs, clubs and events.
- 📈 Aggressively pursue partnerships with industry, resort, and key stakeholders to drive increased membership and program initiatives.
- 🔄 Enhance coaching, officiating and judging programs and initiatives to support the delivery of our high performance athlete pathway.
- 📈 Deliver competition opportunities aligned with long term athlete development in collaboration with member and industry partners.
- ✔ Provide a pathway for athletes and coaches to develop from first contact through podium performance.
- 📈 Integrate innovative and interactive technologies that provide new and enhanced value propositions for members and participants of programs and events.

ORGANIZATIONAL EFFECTIVENESS

- 🔄 Diversify revenue sources to ensure sustainability and support of sport development and high performance programs.
- 🔄 Seek and maintain strategic partnerships within both government and industry to optimize the brand, communications, programs and events.
- ♥ Bring the brand to life through creative and innovative promotional programs, unique content and communications strategies to increase visibility and engage new fans and followers.
- ✔ Deliver aligned policies, procedures and programs at national, provincial/territorial and club levels through the athlete pathway.
- ✔ Ingrain risk management strategies into all levels of the organization.
- ✔ Ensure financial systems and processes are maintained to safeguard the assets of the organization.

HIGH PERFORMANCE

- ✔ Create innovative and unique training environments utilizing technology, technical expertise and world class facilities.
- ✔ Focus energy, attention and resources for optimal return on investment to produce podium results.
- 🔄 Identify, develop and recruit coaches and integrated support team staff that foster achievement, progression and produce strong results.
- 📈 Utilize sport science and analytical evidence to directly enhance high performance athlete progression.
- 🔄 Collaborate with our sport and funding partners to support high performance athletes beyond the competitive pathway.
- 📈 Align sport development and high performance programs to increase clarity of the athlete pathway.

HIGH PERFORMANCE

NATIONAL TEAM HIGHLIGHTS

(2015-16 SEASON)

MAJOR EVENTS*, WORLD CHAMPIONSHIPS & WORLD CUPS MEDAL COUNT:

**GOLD: 23 | SILVER: 28 | BRONZE: 12
TOP TEN: 95**

** Major Events include Dew Tour, X-Games, US Open, etc.*

HPP SEASON SLOPESTYLE

It was a very successful season for Canada at all levels of competition. Canada finished the 2015/16 season with Slopestyle athletes dominating most of the Elite level competitions including the LAAX Open where Canada finished 1st through 5th and 7th. We finished the season ranked 1 through 5th on the World Snowboarding Points List: Mark McMorris, Darcy Sharpe, Max Parrot, Sebastien Toutant and Tyler Nicholson. The same 5 athletes were also ranked top five on the World Snowboard Tour overall standings which combine Big Air and Slopestyle results. Our junior level athletes had a successful end of the year, winning 4 medals at the Junior World Championships.

HPP SEASON HALFPIPE

The Halfpipe national team continued to progress their results at elite and international events, obtaining multiple top tens at events with high level competitors. Some notable results would include: Derek Livingston's 9th place finish at his first X-Games in Oslo, Trevor Niblett and Katie Tsuyuki's 8th place finishes at the Mammoth World Cup/Grand Prix, and Calynn Irwin's 10th place finish at the US Open Championships.

HPP SEASON SBX

Canada had 3 male athletes reach the podium this season with twenty-one year old Baptiste Brochu taking home the gold at the Veysonnaz World Cup, his first podium on the World Cup circuit. Chris Robanske and Kevin Hill both captured silver medals in Russia and Spain respectively. Having 3 athletes on the men's side capable of reaching the podium is an important asset given the unpredictability of this discipline. On the women's side, with the recent retirement of Maelle Ricker and Dominique Maltais sidelined by injury, an emerging group of young, talented athletes made substantial gains; moving up from the heats to the small and big finals on the World Cup circuit for the first time in their careers.

HPP SEASON ALPINE

The Alpine national team had another great season on the NorAm Cup Tour capturing 5 of the possible 6 tops spots. Canada won the overall titles in men's (Darren Gardner) and women's (Megan Farrel), plus 3 more podiums on the overall tour: Sébastien Beaulieu, Marianne Laurin-LaLonde, Katrina Gerencser. With the addition of a new national team coach, Jan Wengelin, the program is headed in the right direction and should see great improvements in training and results throughout the season.

HPP SEASON PARA

This was a breakthrough season for our Para-snowboard program. Our athletes claimed a total of seven IPC World Cup podium results, and made large improvements on their overall consistency. Our only female athlete (Michelle Salt) made the biggest progression as she achieved 5 podium performances and came a few centimetres short of a first career win at the last World Cup of the season. Perhaps the most positive aspect of this season was the successful identification of a number of new athletes through CPC Paralympian Search events (3 new athletes) and other Canada Snowboard initiatives, which allowed us to successfully introduce these new athletes to the competitive aspect of snowboarding. These newly identified athletes were able to record strong NorAm showings and even a World Cup podium result despite never having been a part of a NextGen program to oversee their development. We are very excited for the impact a NextGen program will have on their development and progression over the next few years.

HPP SEASON

NEXTGEN & DEV GROUPS

The Slopestyle Next Gen Team had a very successful inaugural year, with Podiums on the Air Nation Tour and at the National Championships, which included strong performances at the Youth Olympic Games. The competitive season ended with the most successful Junior World Championships in Canada Snowboard's history with Next Gen athletes winning four medals in Slopestyle and big air.

Not to be outdone, our Provincial speed athletes continued to demonstrate their podium potential with strong performances on the NorAm Tour, narrowly missing the podium at the Youth Olympic Games and the Junior World Championships.

JUNIOR WORLD CHAMPIONSHIPS

Second Nation in overall standings

Style Events: Seiser Alm, Italy

- Carter Jarvis - Silver Medal, Slopestyle, Silver Medal, Big Air

- 2019 Canada Winter Games Participation Strategy developed. Of note was the Atlantic Provinces initiative this past season that will lead to sustainable long term athlete and coach programs to ensure strong representation at Canada Winter Games 2019 and beyond.

COACHING

This season the Canadian Snowboard Coaching Program took great strides increasing the number of certified coaches in Canada. This was achieved through the strong relationships built with the PTSA's and their new Coach Development coordinators. These Coach Development coordinators have given Canada Snowboard and the coaching program a means to access grassroots coaches directly to ensure effective communication and collaboration.

The Coaching Technical Committee, comprised of dedicated volunteer coaches as well as Canada Snowboard staff, worked over the past two summers to update the coaching material for the Competition Introduction course. Brand new for the 2016-2017 season, an English COACHING manual will be released for the Competition Introduction and Competition Introduction Advanced courses.

To continue the advancement of coaches on a High Performance Coach Development Pathway, 10 coaches are actively participating in a personalized mentorship program to advance their current coaching certifications and portfolios to continue the succession of great Canadian Coaches.

THE YEAR IN NUMBERS

- 113 New Comp Intro Trained Coaches
- 20 Courses Executed
- 17 Trained Learning Facilitators across the country
- 7 Comp Intro Advanced SPEED Coaches Trained
- 9 Comp Intro Advanced STYLE Coaches Trained
- 13 Comp Dev Coaches Trained

JUDGING

For the 2015-16 year we had a total of 14 FIS trained licensed judges. In Canada, we currently have 6 A License judges who are fully qualified to judge at the highest level of competition (Olympics), as well as facilitate clinics across Canada.

In the past year we have added the following new judges to our roster:

BC: 2 new
AB: 2 new
YT: 1 new

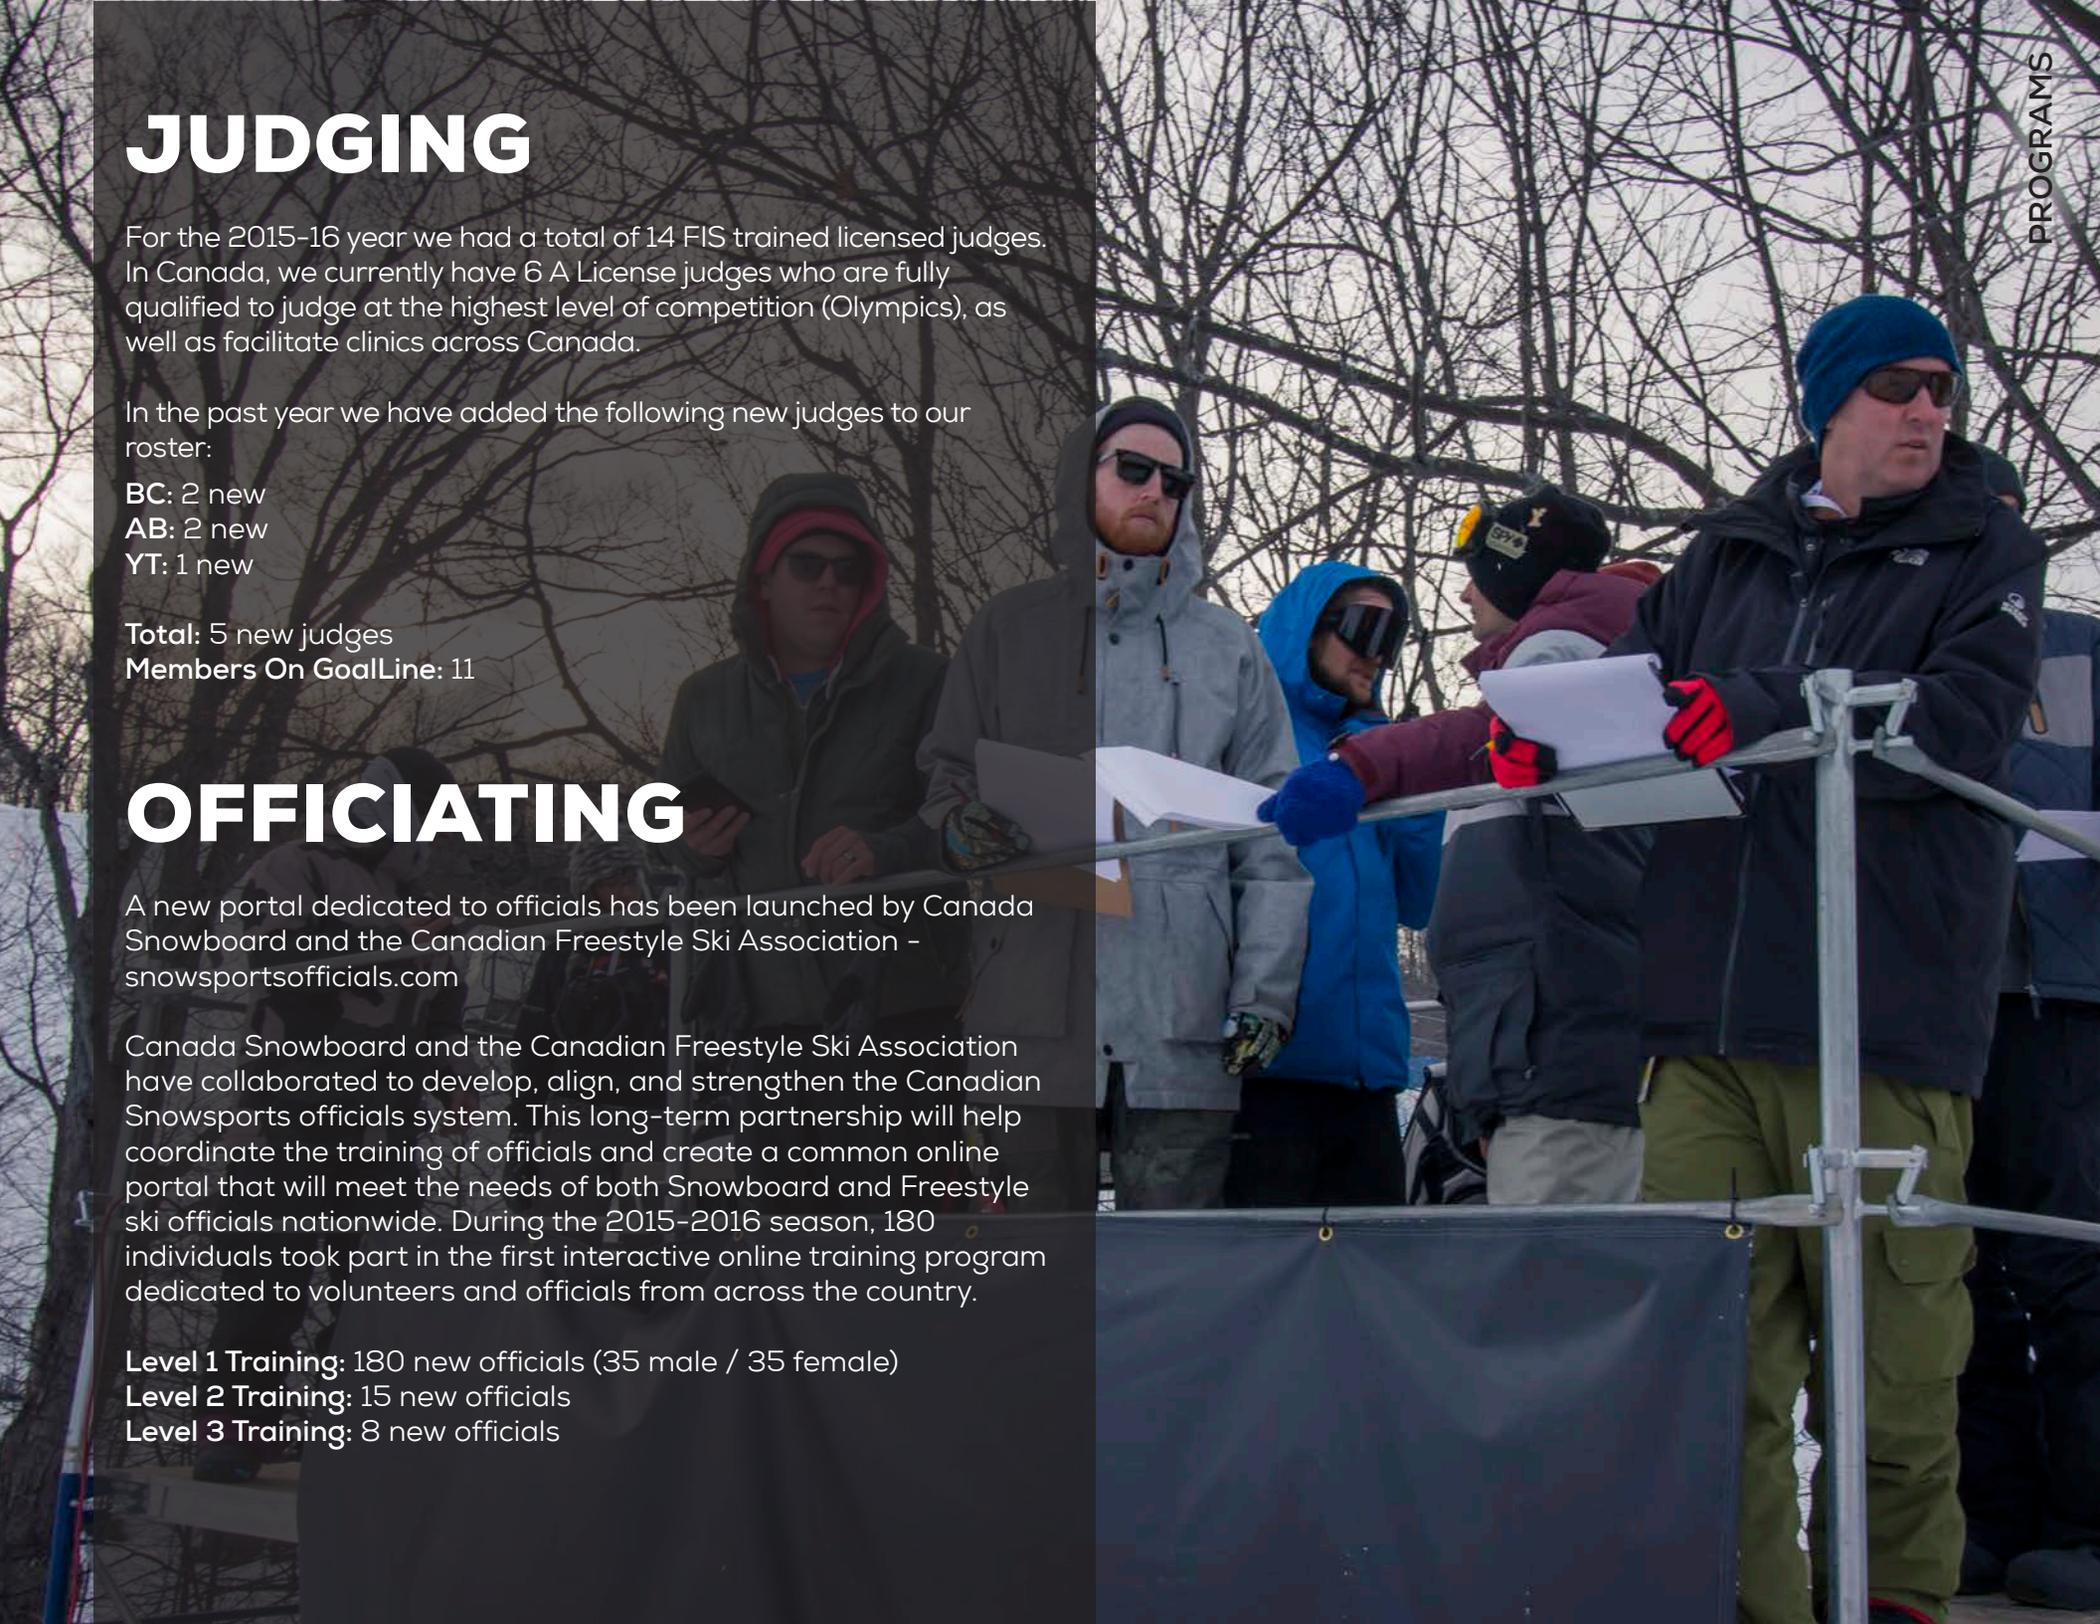

Total: 5 new judges
Members On GoalLine: 11

OFFICIATING

A new portal dedicated to officials has been launched by Canada Snowboard and the Canadian Freestyle Ski Association - snowsportsofficials.com

Canada Snowboard and the Canadian Freestyle Ski Association have collaborated to develop, align, and strengthen the Canadian Snowsports officials system. This long-term partnership will help coordinate the training of officials and create a common online portal that will meet the needs of both Snowboard and Freestyle ski officials nationwide. During the 2015-2016 season, 180 individuals took part in the first interactive online training program dedicated to volunteers and officials from across the country.

Level 1 Training: 180 new officials (35 male / 35 female)
Level 2 Training: 15 new officials
Level 3 Training: 8 new officials

SPORTS EXPERTS SPEED NATION NATIONALS

In association with Quebec Snowboard, the 2016 Sports Experts Speed Nation Nationals were hosted at Ski Chantecler, in the town of St. Adèle, Quebec.

Several Parallel Giant Slalom, Parallel Slalom, Snowboardcross, and Para-snowboard competitions took place over the course of six days, with more than 280 Volunteers and 363 Athletes taking part in the event as a whole.

For the first time ever, our Para-snowboard National Championships were sanctioned by the International Paralympic Committee.

Canada Snowboard would like to commend Quebec Snowboard on hosting yet another well run and successful event for all competitors.

SPORTCHEK

SPORTCHEK AIR NATION NATIONALS

PRESENTED BY BURTON

Canada Snowboard was happy to partner with Snowboard Ontario to host the 2016 SportChek Air Nation Nationals presented by Burton at Mount St Louis Moonstone and Horseshoe Resort.

This past season's freestyle nationals presented a first for Canada Snowboard with 3 disciplines on the docket: Slopestyle, Halfpipe and Big Air.

More than 134 Athletes competed in the Slopestyle and Halfpipe National Championships, which were held at Mount St. Louis Moonstone.

The competition then shifted over to Horseshoe Resort on Saturday night, with more than 98 Athletes competing for the first ever Big Air National Championship title.

Canada Snowboard thanks Snowboard Ontario and all the volunteers for putting on an amazing event.
